Summary

I am a passionate computer science student specializing in data
science, machine learning, and artificial intelligence. With hands-on
experience in SQL, Python, and front-end development, I thrive in
solving complex problems and creating innovative solutions. I am
eager to contribute to meaningful projects, particularly in healthcare,
education, and technology. I am always learning, driven by a strong
desire to make an impact, and excited to connect with like-minded
professionals for collaboration and growth opportunities.
